

Welcome to the inaugural year of **Da Vinci Science Families**. Not only are your students a part of our family, but so are you! **DVSF** was created to provide us with additional opportunities to collaborate with you and make our school community even stronger.

## Da Vinci Science Families Initial 2019-2020 Goals

### **ADVISORY SUPPORT**

We would appreciate your support in our Advisory Classrooms. Each advisor is fortunate enough to have your student for four years. Advisory is a place for our staff to really get to know your students, support them, encourage them, engage them and prepare them for their future. Currently, our Teachers are personally funding all the extra things they do with their students during their advisory period. We know how important these things are to our students. Therefore, if you are comfortable and able, we would like to ask for your help supporting your student's advisory room and their teacher. They work very hard to make advisory their home for the four years they are all together. We would also like to include a very special thank you to each of our Advisory Parents who will be spearheading this effort & supporting our Teachers.

**DA VINCI SCIENCE FAMILIES–CREATE A DVSF SHARED COMMUNITY SPACE–IN THE GALILEO ROOM**

In collaboration with DVS, we would like to create a **Shared Community Space** in the Galileo Room. This space will be open to students afterschool to gather, do homework, play board games and more. It is up to us to create something special for them. We will also hold our monthly Advisory Parent Meetings, Parent Volunteer Hours (Mon.-Thurs. 9:00am-11:00am) and evening Parent Potluck Mixers.

We are starting this project immediately. We would love your support.
